

Certificate III in Racing ADVANCED STABLEHAND

Course Aim

A course of study for people who intend to work in the horse industry. This course is a pathway and the beginning of a number of options in the Equine Industry.

Career Opportunities

Participants in this program will receive solid grounding in all areas of the horse industry. Persons successfully completing this course are eligible for employment in the thoroughbred industry as strappers and senior stablehands, being responsible and accountable to the trainer for efficient management of the training program and operation of the stable.

Entry Requirements

Minimum age of 16 years. Applicants must be in good health with a reasonably high level of physical fitness. A genuine interest in horses and their care is essential.

Delivery Mode

Full time course, utilizing the classroom, practical and work experience. Our course is challenging, fun and innovative, which makes the program both interesting and stimulating.

Length

Local Students: 40 weeks

International Students: 50 weeks

Assessments

All assessments are competency based. Assessments will be conducted throughout the course in the classroom and in practical work situations. Basic riding skills will be thoroughly evaluated. The focus is on the ability of the student to apply knowledge and skills to perform workplace tasks to the standard identified by the relevant industry.
